A passionate being who desires to learn, experiment and explore technical, analytical and problem-solving skills and has an interest in solving various Algorithm problems.

EDUCATION

- **Pune Institute Of Computer Technology** — Pune
  Bachelor in Computer Engineering; CGPA: 9.37 — *2020 - 2024*
- **Deogiri College** — Aurangabad
  Higher Secondary Education; Percentage: 95.08 — *2018 - 2020*
- **Chate School** — Aurangabad
  Matriculate, Class X, Percentage: 93.40 — *2018*

SKILLS SUMMARY

- **Languages**: C++, C, Java, SQL, HTML, CSS, JavaScript, Typescript
- **Frameworks**: React JS, Bootstrap, Material UI
- **Tools**: GIT, Visual Studio Code, Github
- **Soft Skills**: Presentation, Team Work, Leadership, Critical Thinking
- **Courses**: OOPS, Database Management, Data Structures and Algorithms and Computer Network.

Experience

Barclays - Software Developer Intern — June-July 2023

- Built a **JIRA utility** to track the progress of teams and see the Lead time of the overall software Development process.
- Built the UI for the project, created **JQL**, and displayed fetched data in the forms of various tables.
- Implemented the concepts of concepts Data Grids, **filtered fetching** and **formatting fetched data by using Typescript.**
- Worked on technologies such as **React** using **Typescript**, **Material UI, ChartJS**.
- Learnt uilization of JIRA for streamlined task tracking, workflow management, and cross-functional collaboration in software development projects.

Personal Projects

Crypto Tracker ⬡ :

- Primary goal of this web application is to track different Crpytocurrencies' information.
- Real time value of cryptocurrencies,their exchange rates in **USD** and **INR**, its change in price in last 24 hrs/ 30 days/ 3 months/ 1 year and current market cap is shown.
- Track record of different currencies in chart structure according to different timespans(24 hrs,30 days, 3 months, 1 year) through **CoinGecko API**.
- Worked on technologies such as **ReactJS, MaterialUI, ChartJS**

Career Chats:

- Created a collaborative plaform that empowers college seniors to share esential suggestions, including interview experiences and more, catering the needs of college juniors.
- User can create, delete and update a post used JWT for user authorization
- Worked on technologies such as **ReactJS, MySQL, ExpressJS and NodeJS**.

Achievements

- Won National level Impetus and Concepts (InC) Competition PICT.
- Solved over 300+ questions on various coding platforms.
- AIR 262 among 1.5lac+ Students in MHT-CET exam 2020.

Position of Responsibility

Training & Placement Cell Head — *Computer Engineering Department,PICT*

Coding Circle Head — *PICT CSI Student Branch (PCSB)*
